

Certification Manager Services

1. eBevLaw

An exhaustive, frequently updated database of state and local laws and regulations that govern the sale, consumption, promotion and liability of alcoholic beverages. Includes reports and update notifications. May be added to an existing subscription.

The cost of the subscription is \$349.99 (per user/per year).

eBevLaw Trial

A four-month trial subscription to eBevLaw, which includes everything described above.

The cost of the subscription is \$129.99 (per user/ months)per 4

2. CM Tools

Manage all TIPS, eTIPS and CAST training activity at your establishment for an entire year! Use the over 20 summary and detail reports, and detailed demographic information to stay on top of your compliance with insurer and regulator requirements.

With CM Tools TIPS trainers can also have access to their sessions level summary of evaluation results, which a summary is prepared for each session that summarizes how each evaluation question was answered.

The cost of the subscription is \$99.99 (per user/per year)

CM Tools Trial

A four-month trial subscription to Certification Manager Tools, including everything described above.

The cost of the subscription is \$69.99 (per user/ per 4 months)

3. CM Tools Plus

Tools for managing training at multi-site organizations! Review and schedule training in real-time across the enterprise; access expanded reporting options; view, share and archive training documents; access permit and violation data; receive enhanced customer service and much more.

The cost of the subscription is \$249.99 (per user/per year)

CM Tools Plus Trial

A four-month trial subscription to Certification Manager Tools Plus, including everything described above.

The cost of the subscription is \$149.99 (per user/ per 4 months)

4. Authenticated Participant List

This is a report to be sold to individuals or organizations that want a validated list of training that has occurred at a particular organization.

The authenticated participant list is for people that would need a complete list free of visibility rules, and which looks like an official document that states, that to the best of our record-keeping, this is a list of the individuals that have been trained at an establishment. It would be presented as a legal document for use in courts or hearings.

Authenticated Participant List	(ready in 2 days) \$30.00
Authenticated Participant List - Rush	(ready in 2 or 3 hours) \$50.00

5. CM State Level

This subscription enables regulators to gain real-time insight into educational and training activities within their jurisdictions. It provides immediate access to information about TIPS and can easily accommodate other regulated activities or training programs. It monitors the activities of your licensees, including organizational and Human Resources activities, Training activities, Licensing and permits, and Violations issued against licenses.

The cost of the subscription is \$499.99 (per user/per year)

6. Certification Manager for eLearning

This subscription is essentially a CM Tools subscription that is used to manage all of the pre-paid passports that are directly under the user's account. This type of management access can actually be added to any subscription type!

The cost of this subscription is \$69.99 (per user/ per year)
